Sodium (min).....	19.49%
Sodium (max).....	23.14%
Chloride (min).....	45.06%
Chloride (max).....	50.06%
Potassium (min).....	10.79%
Potassium (max).....	15.79%
Magnesium (min).....	0.93%
Magnesium (max).....	0.94%

Feeding Directions: Electrofresh should be mixed with feed. For horses in light or medium work in moderate temperatures or in light work in hot climates, feed 1 scoop daily. For horses in heavy training in moderate temperatures or moderate work in hot climates, feed two scoops daily. Horses in heavy training in hot climates should receive 3 scoops daily. For daily doses of more than 2 scoops, divide into AM and PM feedings. Fresh, clean water should always be available. To maximize freshness, store with bag closed in a cool dry place.

Caution: Safe use in pregnant animals or animals intended for breeding has not been proven. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.

Warnings: For animal use only. Keep out of reach of children. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.
